Booth 1631

Integrated camera (center) & low-profile sensors provide excellent coverage.

**"WE LIKE TO BE ABLE TO OFFER
OUR CUSTOMERS THE LATEST
TECHNOLOGIES AND THE STEELMATE & iPark®
PRODUCTS, DEFINITELY MEET OUR NEEDS."**

Dan Ruby, Owner, Mid-City Engineering - Chicago IL • sales@midcityengineering.com

"We have been able to integrate The Steelmate USA Parking Assist Systems, and the iPark® Interface Modules, Monitors, and Backup Cameras, into our custom installations. The features and product quality have helped us maintain our high standards of installation, when we offer this product to any of our esoteric

customers." added, Dan Ruby of Mid-City Engineering (312) 421-1114. "We are well-known for our exotic car applications and strive to give the customer the ultimate in upgrades and accessories."

Steelmate USA has many Parking Assist Systems to choose from: 2 Sensors, 4 Sensors, 6 Sensors, and 8 Sensors, Wireless Displays, and Video Overlay options.

Steelmate USA has a growing selection of products that include the iPark® Interface Modules, Backup Cameras, and LCD Monitors, that are well matched to the needs of the specialist installation dealer and expeditor, alike. To find out more call Steelmate USA today, or contact your local Steelmate USA Representative for more on getting started as a Steelmate USA Authorized Dealer.
